SECRETARY TAFT ON TRUSTS

Secretary Taft is rapidly disclosing his ignorance on the trust question, for to believe him ignorant is more charitable than to be lieve that he does not intend to interfere with the trusts, although his language would justify even this belief. He takes Mr. Bryan to task for favoring the extermination of trusts, and says that to exterminate trusts would be to exdesires to regulate and control the the steel trust? Did it not swa!low up the Tennessee Coal & Iron after the administration had been consulted? Is the steel trust fightabout the International Harvester ment of laws that are drawn in the but it will tell you what is. The worth more than the price of the Company? Have the farmers secured any relief yet? And what about the paper trust? The steel trust has something like a billion dollars of water in its stock; it can afford to contribute ten millions to the Republican compaign fund, Angeles Herald perpetrates the New York World, which comes to on one we k's approval, to be rebecause it can get back many following: times that out of a Republican vic tory, and this is only one trust out ting into trim and it is the duty of The Thrice a Week World's reg. self of its value to you? of the many. on of disease throughout the body. Dr. Plerce's Golden Medical Discovery makes the sour and foul stomach sweet. It does for the stomach what the washing and sun bath do for the churn-absolutely removes every tainting or corrupting element. In this way it cures blotches, pimples, eruptions, scrofulous swellings, sores, or open eating ulcers and all bumors or diseases arising from bad blood. If you have bitter, nasty, foul taste in your mouth, coated tongue, foul breath, are weak and easily tired, feel depressed and despondent, have frequent headaches, dizzy attacks, gnawing or distress in stomach, constipated or irregular bowels, sour or bitter risings after eating and poor appetite, these symptoms, or any considerable number of them, indicate that you are suffering from biliousness, torpid or lazy liver with the usual accompanying indigestion, or dyspepsia and their attendant

scalds it thoroughly after using, and gives ft a sun bath to sweeten it. She knows that if her churn is sour it will taint the butter that is made in it. The stomach is a churn. In the stomach and digestive and nutritive tracts are performed processes which are almost exactly like the churning of butter. Is it not apparent then that if this stomach-churn is foul it

The evil of a foul stomach is not alone the bad taste in the mouth and the foul breath caused by it, but the corruption of the pure current of blood and the dissem-

gestion, or dyspepsia and their attendant derangements.

The best agents known to medical seience for the cure of the above symptoms and conditions, as attested by the writings of leading teachers and practitioners of all the several schools of medical practice, have been skillfully and harmoniously combined in Dr. Pierce's Golden Medical Discovery. That this is absolutely true will be readily proven to your satisfaction if you will but mail a postal card request to Dr. R. V. Pierce, Buffalo, N. V., for a free copy of his booklet of extracts from the standard medical authorities, giving the names of all the ingredients entering into his world-famed medicines and show

# The Southern Pacific Ry.

A school of telegraphy, established and operated by the Southern Pacific Company, was opened at Los Angeles about October 1st, for the purpose of providing telegraph operators for its service. Ap plicants will be admitted upon the understanding that they will accept positions in the Company's employ, which will be assured to all who satisfactorily complete the course of instruction. Salaries paid operators range from \$65 to \$95 per month, according to experience, ability and the nature of the service. The profession, if pursued industriously and ably, affords an excellent stepping-stone to reponsi-

ble and remunerative positions 12 railroad service. The course of study will comprise all of the study necessary to a practical telegraphic education. It will, in addition, include a study of station accounts, the sale of tickets, etc., in order to equip students for agency work, which, in many instances, is more or less a part of the operator's duties, and also to qualify them for future promotion to

the position of station agent. A special feature of the course will be the use by all students of the Company's wires, which will very materially aid in acquiring a practical knowledge of the art.

#### RATES OF TUITION.

Sons of employes who lost their lives to the company's service free The value of the tuition will be refunded after students have been

the company's employ one year. Applicants must be equipped with a common school education must be physically fit, and must be between the ages of 18 and 25.

Those desiring admittance or wishing further information will pply to Mr. A. M. Roome, Superintendent of Telegraph, San Francisto
